**RE: AIR CONDITIONING
TO: Lot 6 PADDOCK PLACE, ELEMORE VALE**

Supreme Air, takes pleasure in selecting the following, custom designed air conditioning system, for all year round comfort.

EQUIPMENT & LOCATIONS(Provisional Droppers And 14 outlets supplied by builder)

We have selected an **Actron Air ESP+ SRV230E (23.0kW)** nett, *REVERSE-CYCLE, SPLIT DUCTED* air conditioning system. An Australian made air conditioner, which has received outstanding results for efficiency and performance. Actron Air ESP+ can reduce running costs to 60% of a typical system providing substantial savings in the long term. The chosen system will be connected to up to 14 round outlets, arranged as 8 zones (Zone 1 = bed 1X2) (Zone 2 = bed 2,3) (Zone 3 = kitchen living, activity and meals x2) (Zone 4 = media) (Zone 5 = study) (Zone 6 = bed4) (Zone 7 = office) (Zone 8 = rumpus). The metal return air filter grille would be installed in the hallway, located so that the filter is easily reached for cleaning.

CONTROLS(Dual)

The ON/OFF and TEMPERATURE CONTROLS, would be located in the most appropriate positions in the conditioned area. The electronic thermostat unit provides On/Off, 3 Speed Fan and Heat/Cool switching and LCD display and 24hr timer.

The system also includes the ActronConnect module for use with IOS(Apple Devices) to control your air conditioning right at your finger tips, adjusting temperature, changing zone selections and simple system settings.

TOTAL INVESTMENT

The total investment for this air conditioning system, detailed in this quote is:

Price: \$16,000 including GST

NOTES

*Concrete slab by builder.

* If preferred an Actron Air SRA230 23kW with 4Zones could be supplied @\$14,000 inc gst

YOURS KINDLY,

Supreme Air Pty Limited
