Keep this statement - Use the following information to complete your 2014 income tax return

The table below provides details of your 2013-14 private health insurance policy. Each adult beneficiary on the policy will receive their own statement showing their share of the policy only.

The Australian Government has changed the way the rebate is calculated and applied to premiums. Rebate percentages are adjusted on 1 April each year. If you paid premiums for your policy before and on or after 1 April, the table below will contain at least two lines of information. Where more than one line of information has been provided, the information from each line must be entered separately at the corresponding labels on the income tax return at **Private health insurance policy details.**

You will need to nominate a tax claim code when completing the Private health insurance policy details section of your tax return. Read the tax return instructions to determine the tax claim code appropriate for your situation.
